

ARMREST forearm support

ARMREST relieves the forearm and prevents ‘mouse arm’ as well as tension in the neck/shoulders. The asymmetrical design makes the armrest compatible with most ergonomic mice. Fits both straight and angled desktops. The PU leather surface layer can be sanitised. Easy to fit. Adjustable mounting. 2.7 kg CO₂. Materials: PU leather, PU foam, MDF (100% recycled), PET felt, metal (60% recycled), polyamide.
