

A smarter way to work.

The Jobmate Advance forearm rest relieves the entire forearm and prevents symptoms such as mouse arm, stiffness or discomfort. The asymmetrical design makes the arm rest compatible with most ergonomic mice, including Mousetrapper, Jobmate, Roller mouse, etc. It also constitutes an additional support when using the numerical keypad or a keyboard. The arm rest attaches to your desk and fits both straight and angled desktops. Surface layer of synthetic leather for easy cleaning.

- Supports the whole underarm.
- Asymmetrical design for maximum comfort.
- Easy-to-fit on the desk.
- Fits all types of desks.
- Dirt-repellent surface.
- Easy-to-clean.
- Adjustable mounting. Easy-to-fit.
