For even better ergonomics, get the whole Jobmate series.

Jobmate is an ergonomic mouse with 5 button functions and a roller bar. Prevents and lessens pain and strain in the wrists, arms, shoulders and neck. The length can be adjusted if you prefer a larger control surface by removing the cover at the right side of the roller bar. Jobmate fits all keyboards and has a wrist support that can be wiped clean as needed. Cord length 2 meter. USB.
