

StandUp Active Anti Stressball

StandUp Active Anti Stressball

Part of our Active product range. Makes it easy to stay active, mobile and healthy all day long.

StandUp Active Anti Stressball is a hand exercise ball that is perfect to have at work. While you can use it to alleviate stress, its perfect grip also improves finger, hand and underarm strength and coordination. The ball is also easy to take along if you want to do hand strength exercises when e.g. travelling or attending and presentations etc.
