

# StandUp Active Balance Mat

## StandUp Active Balance Mat

*Part of our Active product range. Makes it easy to stay active, mobile and healthy all day long.*

StandUp Active Balance Mat is no less than 5 cm thick. It has a soft surface layer that makes it very comfortable to stand on. Thanks to its thickness, it provides pleasant relief for feet, legs, hips and back while allowing you to train your balance. StandUp Active Balance Mat improves circulation, lets you train your balance and strengthen your muscles while you go easy on your joints. You can also stand on the mat without shoes for even better effect while saving the mat from wear.
